

McDonald Park School

Hello, my name is Sallyanne Morgan and I am teaching years five, six and seven's health and physical education.

If your child has brought this home, they have informed me or their teacher of a sporting event or achievement they have competed in or received.

As part of 'bringing the community into our school', I have decided to erect a sporting wall of fame, which will be located in the gym for all students and parents to view. The wall of fame will have profiles of individuals or groups of students stating the event or achievement they have made.

What kind of things am I looking for?

- selection into regional, state or national teams
- competing at state, national or world events
- grand final appearances
- club or league best and fairest awards
- representing the school in events eg SAPSASA, cross country

Or any other event or achievement you think is worthy of a place on our wall of fame.

Please take the time to fill in the questions with as much detail as possible, provide ample information for me to make the profiles. I will be taking photos of the individuals or groups to go with the profiles on the wall of fame.

Hand the completed forms to me or to your classroom teacher to pass on.

Thank you for your support.
