Issue No 7, 09/05/2024 - Week 2, Term 2

# Writing at McDonald Park

On Monday of week one, our staff completed professional learning focused on writing. Writing is a complex process that students need to be explicitly taught and it is also the most challenging skill that we teach our students.

### Handwriting

It is vitally important that our students develop efficient, legible and fluent handwriting. To develop these skills our students, need direct instruction, modelling and time to practice their handwriting. A student who is not able to efficiently produce legible handwriting uses most of their working memory to think about how to write rather than the learning. Over time as a student becomes more efficient, the process of writing becomes more automatic, freeing up space for new learning.

## **Teaching of Writing**

To teach our students to become stronger writers we break the writing process down into small chunks. This means our students are learning to write at a sentence level before moving to writing whole texts of writing. Focusing on the sentence level means that we can correct and focus on areas for improvement. A book we are using as a staff to guide our writing teaching is The Writing Revolution.

## Spelling

A number of our classes this term are trialling PhOrMeS. The program teaches sound, letter, morpheme and world-level knowledge and the skills required to use this knowledge to read, spell and understand words. It includes decoding, spelling, word meanings, phonemic awareness and handwriting. You can learn more about PhOrMeS at: <u>www.phormes.com</u>.

Government of South Australia

Department for Education

WEEK 2 Friday, 10 May Walk to School Day Cross Country

## WEEK 3

Thursday, 16 May Basketball clinics

## WEEK 4

Wednesday, 22 May Basketball clinics

# WEEK 5

Reconciliation Week **Monday, 27 May** Governing Council meeting

# WEEK 6

Sunday, 2 June Come & See McPark, 2.00pm Monday, 3 June Come & See McPark, 10.00am

# ANZAC Day Dawn Service

On ANZAC Day, our ambassadors, Ruby, Harper, Seth and Alfie, attended the ANZAC Day Dawn Service. Our students laid a wreath on behalf of McDonald Park School and learnt about the history of ANZAC Day and the ANZACs. Despite the service being very early in the morning, our students enjoyed the service and valued the opportunity of being able to represent our school on this important occasion. Thank you, Linda Ward who made our wreath that we will continue to use in future years.

# Term 1, Week 11

RESPECT       Presented to     By     For       Annika B     Mrs Bisnov & Mr Bigg     always showing respect to others when in the yard. Digby N	Mrs McCracken & Miss Hutchinson	showing great teamwork and care for others on camp and in the classroom.
Paiton P	Mrs Bisnov & Mr Bigg	working co-operatively and respectfully with all members of our class.
Sophia P	Mrs Widdison & Mrs Tilley	providing support and leadership to her group when choreographing and rehearsing a dance sequence.
Scarlet W	Mrs McLean	being a kind and inclusive class member who considers the opinions of others when learning, and expresses her ideas respectfully.

On Monday of week 11 our year six students arrived at school bright and early and headed off to camp. Our destination was the fantastic Log Cabin Campsite at Creswick. Day one included groups rotating through three activities - the zipline, the giant swing and the commando course. All the activities are designed to challenge students in some way, whether it be facing a fear, working with team mates, problem solving, physical endurance or simply trying something new. It was impressive to see students face and meet these challenges!

Day two was spent at the living museum of Sovereign Hill and although no one struck it rich panning for gold, the learning experiences of the education session "Put yourself in the Eureka story" gave students an insight into the history of one of Australia's most significant events. We also got to see molten gold form into a gold bar, experience soldiers firing their muskets from the theatre balcony and we went underground to learn about the discovery of the "Welcome Nugget", one of the largest found at Ballarat, on a self-guided Red Hill Mine tour. Students visited the 1850's style shops such as the lolly shop, the candle maker, the blacksmith, the printer and enjoyed some 1850's ten pin bowling. That evening we returned to Sovereign Hill for "Aura" the sound and light show which is presented in three parts and three separate locations within Sovereign Hill, told the story of the creation of gold, the creation story of the local Wadawurrung people and then and the events that led to and conclude in the Eureka Stockade. Our students were commended by several members of the public, who were with us at the sound and light show, on their exemplary behaviour and we were extremely proud of the way they all represented McPark.

Day three began with our last rotation of camp activities, farewells to the fabulous camp staff and recognition of some standout achievements before we headed home.

The year six camp is a great balance of physical challenges, building social skills and learning about important events in Australia's history. We were fortunate again, to be hosted by the Log Cabin Camp which has great accommodation and facilities, wonderful staff and impressive meals.

The staff and volunteers at Sovereign Hill continue to make history come alive and are always willing to answer questions and engage with students.

We also thank David from Mount Gambier Buslines for safely driving us to and from camp and to and from Sovereign Hill.

We also thank SSOs Shane Lewis and Kristy Drage and parents Damien Bickley and Michael Wilson for being part of our camp and supporting all the students.

The 2024 year fives have a great camp to look forward to next year!
